Subject: Geographic Coordinates Database (GCDB) Available on Internet

Please post this IM in the Public Room of your office.

In 1993, the Official Agency Records Designation Documents were completed, and GCDB data was moved to the Bureau Access Category 2, Discretionary Records (BLM Manual 1278) to make it available without a Freedom of Information Act (FOIA) request. GCDB data is now being offered on the Internet at the Colorado Home Page. The address of our home page is <http://www.co.blm.gov/gcdb/gcdb1.htm>. BLM operates on a cost recovery basis for supplying information. Since this information costs us little or nothing to supply over the Internet, it is free to users. Disks of this data are still available at the current cost recovery rates (BLM Manual 1270-2) without invoking the FOIA. If you have any questions regarding the above information, please feel free to contact Jim Sorenson, on 303-239-3651, Paul Lukacovic on 303-239-3818, or Patsy Lynch on 303-239-3616.
